

# Barcode Reader

**FEATURES**

- ✦ Sturdy, reliable, robust & compact
- ✦ Smart camera based scanner decodes different types of 1D code, 2D code & Pharma code
- ✦ Patented advanced decoding algorithm to ensure a high read rate without an error
- ✦ System is capable to connect up to 8 smart cameras
- ✦ Up to 800 scan / min
- ✦ Display each camera Image with read, unread & production counts
- ✦ Provision to set Pharmacode direction & value verification. Also user can create a Pharmacode with thin and thick bars.
- ✦ Various modes of inspection like variable data inspection, fix data inspection as per set value
- ✦ 4 user levels & role management – Administrator, Supervisor, Operator & QA
- ✦ Various statutory non-editable reports like audit trail, product / batch wise reports
- ✦ Meets 21 CFR Part 11 & GAMP compliance
- ✦ Utility for centralized management of various systems in plant
- ✦ Self-diagnostics utility for input & output signals, this provides easy fault finding
- ✦ Flexibility to choose as per application and machine requirement
  - Ejection unit-air nozzle / pusher based
  - Rejection verification sensor
  - Rejection bin with rejection bin full sensor
  - Integration with existing machine
